Puppy Questionnaire

The following questions will help us find the right puppy for you. Our goal is to find each puppy a loving home where they can be part of the family. The dog's welfare must be our foremost consideration before a choice is made for placement.

Each puppy is an individual. Just as no two children in a family are identical, no two puppies are exactly alike. Nor are any two prospective homes the same. During the first 8 weeks of the puppies' lives, we will be observing and evaluating their physical and personality traits. And we will compare our observations to the information on each questionnaire to try to determine the most appropriate home for each puppy by matching the needs of each individual dog to each prospective owner's lifestyle.

Therefore, the answers you provide in this questionnaire are vital in assisting us to match your home with the right puppy. There are no "right" or "wrong" answers. Some of the questions may seem personal; however, candor and honesty are very important—remember, we are trusting you for the lifetime of the dog that we brought into this world.

This form must be filled out completely and submitted to us before you can be considered for one of our puppies. Once we have reviewed your answers, we will contact you and may have a question or two that is not listed here. If at that time we all agree that one of our puppies would be a good fit for you and your family, we would require a deposit before we can officially add you to the reservation list.
